TERMS OF SALE

1. **ALL LOTS IN THIS AUCTION ARE OFFERED WITHOUT RESERVE.** All bids are per lot as described in this catalogue. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots belonging to the same vendor. The auctioneer shall regulate the bidding on the floor. The auctioneer reserves the right to reject any bid. In the event of any dispute, his decision shall be final.
2. The highest bidder shall prevail at one advance over the next highest bidder. Tie bids shall go to the first received. **A BUYER'S PREMIUM OF 15% WILL BE ADDED TO THE HAMMER (SELLING) PRICE AND BECOMES PART OF THE TOTAL PURCHASE PRICE.**
3. Successful FLOOR BIDDERS must pick up their lots or arrange for delivery immediately after the sale. PAYMENT IS DUE AT THIS TIME. MAIL BIDDERS known to us may have their lots forwarded for payment within three days. Others will receive an invoice immediately after the sale and must make remittance before lots are sent. Overdue accounts will be billed a 3% service charge per month. Lots not picked up and paid for after 30 days may at our discretion, be re-offered in the next available auction. Ownership shall not pass to the buyer until full payment has been received.
4. Shipping and handling are charged to the account of the buyer. Shipments to Canada will be sent by Expedited parcel, and Xpresspost USA to the USA. Shipments to all other destinations up to 500g will be sent by registered mail, over 500g by Xpresspost International, where available, or by Priority Worldwide.
5. In our opinion, all lots are as described. If a prospective purchaser wishes to obtain another expert opinion - acceptable to us - on a lot (not including mixed lots or collections containing undescribed stamps), he must request an extension in writing **before** the auction (on the bid sheet is acceptable). Lots sold under this condition shall be held open for up to 120 days, after which the lot will not be returnable for any reason. **Items that already have certificates are sold on the basis of those certificates (unless otherwise stated in the description). Buyers wanting to place a lot on extension for a different certificate must discuss that with us BEFORE the auction to obtain approval to bid on that basis.** Expenses for certificates shall be borne by the purchaser. If a negative opinion is received within the 120 days, the purchase price will be refunded in full, and the expertising fee (to a maximum of \$40) will be paid by us. All lots sent on extension must be paid for under our normal terms. The inability of an expert committee to render an opinion on a lot is insufficient grounds for its return.
6. Claims for errors in description, including condition, must be made within 7 days after receipt, but no later than 45 days after the auction. Stamps returned must be in the state received and must be sent by registered mail or bonded courier. Lots back stamped, marked or encapsulated by experts or expert committees are not returnable. It is the purchaser's responsibility not to let this happen. Stamps described as having defects are not returnable on account of their condition. No lots may be returned by bidders who have had an opportunity to examine, or an agent, view them on their behalf before the sale, nor any stamps which have been photographed for perforations, centering, margins or cancellations. All stamps photographed in colour are reproduced with extreme care as to accuracy of colour and shade, however stamps photographed in colour may not be returned because of shade differences between the lot and photograph.
7. All lots are sold in **CANADIAN FUNDS**. Lots picked up in Ontario will be charged H.S.T., lots delivered in Canada will be charged the appropriate G.S.T. or H.S.T. For the convenience of our American clients, U.S. funds will be accepted at a rate of exchange to be determined by the auctioneer and announced at the opening of the sale. If you wish to pay in U.S. funds, please pay the amount stated on your invoice.
8. **QUALITY RATINGS.** Superb, extremely fine, very fine, fine to very fine, fine, very good, and good. The word ALMOST preceding the quality rating - as for example in "almost very fine" - means that the quality is better than fine but not quite very fine.
9. **CATALOGUE NUMBERS AND VALUES** used are from the most currently available edition of Scott's standard postage stamp catalogue, and are quoted in US dollars. For B.N.A. material, numbers and values are from the current edition of the Unitrade Canada Specialized Catalogue and are in Canadian dollars, with appropriate premiums. When we catalogue a collection we omit all obviously faulty, damaged, faked or forged stamps; our count of the stamps and catalogue value will be a conservative calculation. Owners sometimes catalogue every stamp or portion thereof, regardless of quality. We accept no responsibility for these valuations. Errors may occur nevertheless and (in spite of all our careful work) all collections are sold "as is".
10. **AGENTS BIDDING ON BEHALF OF OTHERS** If you have complicated bids to be executed or wish an outside opinion as to the value and condition of a lot we shall be pleased to furnish a list of agents. If you instruct your agent to bid on the basis of our descriptions, we presume that he has inspected the lot and agrees with our description in executing your bid.
11. This sale is conducted by and for the account of R. Maresch & Son Auctions Limited.
12. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS OF SALE.

FOREWORD

Our October auction was very well received, with the Canadian portion achieving 26 new record prices. The stamp market here is still very strong, which is encouraging, especially when one reads in the papers about the ongoing Euro and international debt problems. Despite much doom and gloom about this and other financial current events, we expect the stamp market to remain resilient. Perhaps some of those taking their money out of the erratic markets are putting it into stamps, which we believe to be much more stable these days. The next few years promise to be interesting, and although this volatility may help bring a few collections up for sale, we feel the demographic of the more advanced collectors will keep the market active and strong.

This auction contains many wonderful and diverse properties, with better Canadian material such as Dick Staecker's Postal Stationery, Ken Mitchell's Semi-Official Airmails, better early issues including Pence, another portion of the Duckworth Large Queens, an exceptional collection of P.E.I. covers, and still more Bileski material. There is also a wonderful collection of Germania, and an A to Z collection of British Commonwealth and Foreign mint 1900 to 1950 collection broken down into many country collections, many of which we can't remember making lots for in some time. We are also pleased to offer the first portion of the Charles Firby cover stock, which contains many wonderful and desirable items, and will continue to be sold over the next few sales as well. The sale is possibly the bulkiest we have ever offered, which forced us to hold back some consignments until the June auction. We were simply out of shelf space!

We have become aware of mail delivery problems with Canada Post, which seem to have started during the last brief strike, and do not know how long it will take to have those problems resolved. Therefore, we encourage as many of our customers as possible to make sure they do not miss a sale by signing up for email auction notifications at www.maresch.com/company.php?req=get_on_list. You can opt in or out anytime from that link, we will only send you three emails a year, each time to announce a new sale, and you will find the photos online larger than in our catalogue.

Viewing has become much busier during the last days before the sale, and due to the increased size of our sales, we are forced to revive an old protocol: Local viewers will not be allowed to view on the last day before the sale (Tuesday), to accommodate our many out of town viewers.

As always, we are looking for rare and valuable consignments for our next auction sale, to be held in June. Please call us to discuss your plans, and we will do our best to turn you into another satisfied Maresch consignor. We can never get enough nice material for our local and international customers, and selling through us is your guarantee of success.

POSTAL STATIONERY

This collection, formed over a lifetime by Dieter Staecker, is the most in-depth and comprehensive we have been privileged to offer. In order to preserve the integrity and value of the collection and write-ups, many of the issues/sections have been left intact. Numbers and catalogue values given are from the 7th Edition of Webb's Postal Stationery catalogue (published 2001). Sections are sorted as per Webb index (as closely as possible). Please note that these catalogue values are now 10 years old, and many items, especially the scarcer and/or modern ones should probably catalogue 2 or 3 times what they do now.
