TERMS OF SALE

1. **ALL LOTS IN THIS AUCTION ARE OFFERED WITHOUT RESERVE.** All bids are per lot as described in this catalogue. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots belonging to the same vendor. The auctioneer shall regulate the bidding on the floor. The auctioneer reserves the right to reject any bid. In the event of any dispute, his decision shall be final.
2. The highest bidder shall prevail at one advance over the next highest bidder. Tie bids shall go to the first received. **A BUYER'S PREMIUM OF 15% WILL BE ADDED TO THE HAMMER (SELLING) PRICE AND BECOMES PART OF THE TOTAL PURCHASE PRICE.**
3. Successful FLOOR BIDDERS must pick up their lots or arrange for delivery immediately after the sale. PAYMENT IS DUE AT THIS TIME. MAIL BIDDERS known to us may have their lots forwarded for payment within three days. Others will receive an invoice immediately after the sale and must make remittance before lots are sent. Overdue accounts will be billed a 3% service charge per month. Lots not picked up and paid for after 30 days may at our discretion, be re-offered in the next available auction. Ownership shall not pass to the buyer until full payment has been received.
4. Shipping and handling are charged to the account of the buyer. Shipments to Canada will be sent by Expedited parcel, and Xpresspost USA to the USA. Shipments to all other destinations up to 500g will be sent by registered mail, over 500g by Xpresspost International, where available, or by Priority Worldwide.
5. In our opinion, all lots are as described. If a prospective purchaser wishes to obtain another expert opinion - acceptable to us - on a lot (not including mixed lots or collections containing undescribed stamps), he must request an extension in writing **before** the auction (on the bid sheet is acceptable). Lots sold under this condition shall be held open for up to 120 days, after which the lot will not be returnable for any reason. **Items that already have certificates are sold on the basis of those certificates (unless otherwise stated in the description). Buyers wanting to place a lot on extension for a different certificate must discuss that with us BEFORE the auction to obtain approval to bid on that basis.** Expenses for certificates shall be borne by the purchaser. If a negative opinion is received within the 120 days, the purchase price will be refunded in full, and the expertising fee (to a maximum of \$40) will be paid by us. All lots sent on extension must be paid for under our normal terms. The inability of an expert committee to render an opinion on a lot is insufficient grounds for its return.
6. Claims for errors in description, including condition, must be made within 7 days after receipt, but no later than 45 days after the auction. Stamps returned must be in the state received and must be sent by registered mail or bonded courier. Lots back stamped, marked or encapsulated by experts or expert committees are not returnable. It is the purchaser's responsibility not to let this happen. Stamps described as having defects are not returnable on account of their condition. No lots may be returned by bidders who have had an opportunity to examine, or an agent, view them on their behalf before the sale, nor any stamps which have been photographed for perforations, centering, margins or cancellations. All stamps photographed in colour are reproduced with extreme care as to accuracy of colour and shade, however stamps photographed in colour may not be returned because of shade differences between the lot and photograph.
7. All lots are sold in **CANADIAN FUNDS**. Lots picked up in Ontario will be charged H.S.T., lots delivered in Canada will be charged the appropriate G.S.T. or H.S.T. For the convenience of our American clients, U.S. funds will be accepted at a rate of exchange to be determined by the auctioneer and announced at the opening of the sale. If you wish to pay in U.S. funds, please pay the amount stated on your invoice.
8. **QUALITY RATINGS.** Superb, extremely fine, very fine, fine to very fine, fine, very good, and good. The word **ALMOST** preceding the quality rating - as for example in "almost very fine" - means that the quality is better than fine but not quite very fine.
9. **CATALOGUE NUMBERS AND VALUES** used are from the most currently available edition of Scott's standard postage stamp catalogue, and are quoted in US dollars. For B.N.A. material, numbers and values are from the current edition of the Unitrade Canada Specialized Catalogue and are in Canadian dollars, with appropriate premiums. When we catalogue a collection we omit all obviously faulty, damaged, faked or forged stamps; our count of the stamps and catalogue value will be a conservative calculation. Owners sometimes catalogue every stamp or portion thereof, regardless of quality. We accept no responsibility for these valuations. Errors may occur nevertheless and (in spite of all our careful work) all collections are sold "as is".
10. **AGENTS BIDDING ON BEHALF OF OTHERS** If you have complicated bids to be executed or wish an outside opinion as to the value and condition of a lot we shall be pleased to furnish a list of agents. If you instruct your agent to bid on the basis of our descriptions, we presume that he has inspected the lot and agrees with our description in executing your bid.
11. This sale is conducted by and for the account of R. Maresch & Son Auctions Limited.
12. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS OF SALE.

FOREWORD

The stamp market here at Maresch is as strong as ever, and our February auction sale, in total, exceeded our presale estimate. Many sections such as the Canadian Semi-Official Airmails and Chinese souvenir sheets were very aggressively bid on, and there was also substantial interest in many areas of Canada and the worldwide collections. Some of the larger collections, however, as well as some very rare Maritime Provinces covers and postal history, were a bit soft. We have more of both in this sale, and we encourage everyone to come view and participate. Bid sheets received for the February sale were down slightly, and with interest rates on investments at an all-time low, now would seem to be an opportune time to buy. With Munch's "The Scream" just having fetched \$119.9 Million, it is clear that there is still much strength in the collectibles market (which may be due to a lack of confidence in traditional investments). If you are buying stamps and/or covers for the pleasure of collecting, however, rather than merely investing, it is hard to go wrong.

This sale contains many better or specialized material, including in-depth Ben Cohen Large Queen collection with many varieties of shades, cancels and papers, and more stitch watermarks than we have ever handled in one sale, plus a specialized collection of Newspaper advertising covers, an exceptional group of Newfoundland airmail stamps and covers, with some difficult rarities, as well as the properties of over 100 other consignors. These all fit nicely together to let us offer a wonderful selection of Canada from Pence issues to modern varieties, plus more Airmails and Semi-Official Airs, Officials and Revenues. Besides the Newfoundland Airmail and Flight covers, there are also substantial postal history items throughout the Provinces section, and the Great Britain and Br. Commonwealth sections also merit your attention. The Foreign session, besides the hundreds of large lots and collections, also contains better China, France and Germany, and a nice selection of U.S. Civil War and Confederate States stamps and covers.

Please note again that viewing on Wednesday June 20th is for out of town viewers, local collectors have an entire week (including the Saturday) before the last day to look at items.

One of the questions potential consignors ask us frequently is about the possibility of placing 'reserves' on their consignments, and our answer is always the same – NO. We do not accept reserves from our owners, as we feel they are counter-productive, and we believe that it is this practice, the running of 100% consigned public unreserved auction sales, helps us to regularly attain record prices, by giving our buyers the confidence of knowing their winning bid was a fair one. Of course, the professional descriptions, top-notch auction catalogues, our list of thousands of worldwide customers and extensive advertising don't hurt either, but in any case, selling your material with Maresch is your guarantee of success when the time comes to let go. Call us at 1-800-363-0777 to discuss what you're contemplating selling, you'll be glad you did.
