TERMS OF SALE

1. **ALL LOTS IN THIS AUCTION ARE OFFERED WITHOUT RESERVE.** All bids are per lot as described in this catalogue. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots belonging to the same vendor. The auctioneer shall regulate the bidding on the floor. The auctioneer reserves the right to reject any bid. In the event of any dispute, his decision shall be final.
2. The highest bidder shall prevail at one advance over the next highest bidder. Tie bids shall go to the first received. **A BUYER'S PREMIUM OF 15% WILL BE ADDED TO THE HAMMER (SELLING) PRICE AND BECOMES PART OF THE TOTAL PURCHASE PRICE.**
3. Successful FLOOR BIDDERS must pick up their lots or arrange for delivery immediately after the sale. PAYMENT IS DUE AT THIS TIME. MAIL BIDDERS known to us may have their lots forwarded for payment within three days. Others will receive an invoice immediately after the sale and must make remittance before lots are sent. Overdue accounts will be billed a 3% service charge per month. Lots not picked up and paid for after 30 days may at our discretion, be re-offered in the next available auction. Ownership shall not pass to the buyer until full payment has been received.
4. Shipping and handling are charged to the account of the buyer. Shipments to Canada will be sent by Expedited parcel, to USA by Tracked Packet-USA or Xpresspost USA, all other destinations up to 500g will be sent by registered mail, larger parcels by Xpresspost International, Tracked packet International where available, or by Priority Worldwide, or comparable secured methods.
5. In our opinion, all lots are as described. If a prospective purchaser wishes to obtain another expert opinion - acceptable to us - on a lot (not including mixed lots or collections containing undescribed stamps), he must request an extension in writing **before** the auction (on the bid sheet is acceptable). Lots sold under this condition shall be held open for up to 120 days, after which the lot will not be returnable for any reason. **Items that already have certificates are sold on the basis of those certificates (unless otherwise stated in the description). Buyers wanting to place a lot on extension for a different certificate must discuss that with us BEFORE the auction to obtain approval to bid on that basis.** Expenses for certificates shall be borne by the purchaser. If a negative opinion is received within the 120 days, the purchase price will be refunded in full, and the expertising fee (to a maximum of \$40) will be paid by us. All lots sent on extension must be paid for under our normal terms. The inability of an expert committee to render an opinion on a lot is insufficient grounds for its return.
6. Claims for errors in description, including condition, must be made within 7 days after receipt, but no later than 45 days after the auction. Stamps returned must be in the state received and must be sent by registered mail or bonded courier. Lots back stamped, marked or encapsulated by experts or expert committees are not returnable. It is the purchaser's responsibility not to let this happen. Stamps described as having defects are not returnable on account of their condition. No lots may be returned by bidders who have had an opportunity to examine, or an agent, view them on their behalf before the sale, nor any stamps which have been photographed for perforations, centering, margins or cancellations. All stamps photographed in colour are reproduced with extreme care as to accuracy of colour and shade, however stamps photographed in colour may not be returned because of shade differences between the lot and photograph.
7. All lots are sold in **CANADIAN FUNDS**. Lots picked up in Ontario will be charged H.S.T., lots delivered in Canada will be charged the appropriate G.S.T. or H.S.T. For the convenience of our American clients, U.S. funds will be accepted at a rate of exchange to be determined by the auctioneer and announced at the opening of the sale. If you wish to pay in U.S. funds, please pay the amount stated on your invoice.
8. **QUALITY RATINGS.** Superb, extremely fine, very fine, fine to very fine, fine, very good, and good. The word **ALMOST** preceding the quality rating - as for example in "almost very fine" - means that the quality is better than fine but not quite very fine.
9. **CATALOGUE NUMBERS AND VALUES** used are from the most currently available edition of Scott's standard postage stamp catalogue, and are quoted in US dollars. For B.N.A. material, numbers and values are from the current edition of the Unitrade Canada Specialized Catalogue and are in Canadian dollars, with appropriate premiums. When we catalogue a collection we omit all obviously faulty, damaged, faked or forged stamps; our count of the stamps and catalogue value will be a conservative calculation. Owners sometimes catalogue every stamp or portion thereof, regardless of quality. We accept no responsibility for these valuations. Errors may occur nevertheless and (in spite of all our careful work) all collections are sold "as is".
10. **AGENTS BIDDING ON BEHALF OF OTHERS** If you have complicated bids to be executed or wish an outside opinion as to the value and condition of a lot we shall be pleased to furnish a list of agents. If you instruct your agent to bid on the basis of our descriptions, we presume that he has inspected the lot and agrees with our description in executing your bid. **Agents must register their bidders and obtain approval before our sales start.**
11. This sale is conducted by and for the account of R. Maresch & Son Auctions Limited.
12. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS OF SALE.

FOREWORD

Our February auction sale, while exceeding our overall estimate, was surprisingly strong in many areas of Canada including Postal History, Proofs, centered mint singles, shades, imperforates, multiples and varieties. The British Commonwealth material also outperformed our expectations on several occasions, many items bringing several times our estimate, making for well over a hundred very happy owners.

Our current auction, as usual, offers something for everyone. Beginning on Wednesday evening (please check the front cover for session and viewing times), this sale starts with two full sessions of Canada and Provinces. It contains the usual shelves full of large and estate lots, a better than normal section of Canadian Postal History and specialized covers, Pence issues to modern including many imperforates and varieties as well as the 'much-sought-after' perfect (or almost perfect) never hinged gems everyone seems to want these days. The third session is all British Commonwealth and contains several better/more elusive items including early British Guiana rarities such as the Ship and Motto issues and the 4c MAGENTA. There is also a fairly comprehensive collection of CHALON HEADS distributed throughout the various countries and for those interested who also have internet access we suggest performing an on-line search of our catalogue at www.maresch.com. As well, there are many 'bite-sized' collector grade sets and singles, which we know you will want to add to your collections. The last session contains Foreign material with many larger lots, and is especially strong in the area of TOPICALS. It also has a good showing of People's Republic of China as well as Europe including France, Germany and Switzerland.

Please note that, while we are happy to accept (and discuss) your bids over the telephone, by fax, by mail, in person or even by carrier pigeon, dog sled or any other method convenient for you, we actually prefer emailed bids, if possible. We seldom have a problem reading or understanding your emails, as we sometimes do with handwritten numbers, they are not at risk of not being received late (as long as you send them to us before the auction starts), and you will receive an email confirmation when we have received them. Please, if you can, **SEND YOUR BIDSHEETS BEFORE THE LAST MINUTE**. We understand that everyone is busy, and your hobby may not be the first thing on your mind every day when you wake up, but it takes us time to properly enter and double-check all your bids, and it has become especially difficult the past couple of years, with everyone waiting to the last instant to get their bids in. Thanks in advance for your understanding.

Our public unreserved auctions are a trusted and successful method for philatelists and estates alike to sell their collections when the time comes, and we consistently achieve these types of results for our consignors. There is no substitute for our experienced and professional approach to marketing your collection, and we will lot all of your treasures to your best advantage, targeting the sale of your stamps to the appropriate buyer, whether one of the thousands of collectors on our worldwide mailing list, or our clientele of many hundreds of active and 'ready-to-buy' dealers.

Whether buying or selling, please feel free to call us at and discuss your plans, or even just stamps in general. We are always happy to discuss almost anything with fellow philatelists, and we have been doing so for almost 90 years now, as a family firm. Enjoy the auction catalogue, it is one of our greatest pleasures and passions to present these to you three times a year, and we wish to thank our many thousands of customers around the world for their loyalty and support for these many years.
