

FOREWORD

We have just completed our first-ever 'Internet-only' auction, of Maresch material, including many individual better items as well as stamps, varieties or covers in the \$10 to \$100 range. It was enthusiastically received and many of you were able to add some desirable and elusive items to your collection, therefore, we are planning another Internet-only sale for the late fall.

We've also been busy finalizing our next public unreserved auction sale, to be held in the last week of September, and here it is. Consignments for this sale came in from dozens of different owners and estates, and the 1600+ lots represent stamps and covers from the four corners of the world. The shelves are full again and there are so many large lots to look at that we suggest leaving extra time to view.

Session one starts on Tuesday September 26th at 6:30 pm with Canada from large lots to the Admiral issues with better sections of Pence issues, Jubilees, etc., with many singles and sets being never hinged and very fine or better. The second session starts Wednesday September 27th at 1:00 pm with Canada 1917 Confederation on including modern varieties, Postage Dues, Revenues, better New Brunswick, Nova Scotia and Newfoundland stamps, Postal history, and stamped covers. It concludes with Great Britain and British Commonwealth with many single stamps and sets as well as country collections and larger lots. The last session is Wednesday evening beginning at 6:30pm and contains all worldwide material, beginning with a massive selection of larger lots including dealer stocks and complete collections right up to huge intact properties as received. Cartons kept arriving by the dozens, and our lotting staff struggled to keep up but finally succeeded in getting everything done. There are also Topicals, covers, better China, a good showing of USA stamps and covers, etc., and all sections contain many better individual items and sets.

You will notice in your printed catalogue that certain lots have been designated 'photo online'. These images can be viewed by going to www.maresch.com and following the sale link or by going directly to <https://stampauctionnetwork.com/rm/rm538.cfm>. If you log into Stamp Auction Network (SAN) and register, you can also bid online up to 1 hour before the session begins and watch the bidding in progress on the lots you're interested in. As usual, we'd like to encourage everyone to send their bids to us through SAN or by email, as they reach us immediately and there are no delays in the mail.

This will be the final auction to be held here at 6075 Yonge St, a location which has served us well for the past 15 years. The area has become increasingly congested, and we have outgrown the premises. On September 30th, our offices and auction gallery are moving to a larger and much more accessible location which will help us better attend to our customers' needs. As always, all bidding on this auction will continue to be accepted by telephone (our phone number is the same), by email or on-line. Please note that if you were successful in obtaining lots in this auction your lots will be shipped to you as usual. However, if you wish to pick them up they will be available at the Yonge St. location until 5pm September 29th. As of October 2nd, your lots will be available for pickup at our new location (which offers ample room and plenty of convenient parking), only a short drive north of Toronto. Please send any payments or correspondence to the address below.

TERMS OF SALE

1. **ALL LOTS IN THIS AUCTION ARE OFFERED WITHOUT RESERVE.** All bids are per lot as described in this catalogue. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots belonging to the same vendor. The auctioneer shall regulate the bidding on the floor. The auctioneer reserves the right to reject any bid. In the event of any dispute, his decision shall be final.
2. The highest bidder shall prevail at one advance over the next highest bidder. Tie bids shall go to the first received. **A BUYER'S PREMIUM OF 18% WILL BE ADDED TO THE HAMMER (SELLING) PRICE AND BECOMES PART OF THE TOTAL PURCHASE PRICE.**
3. Successful FLOOR BIDDERS must pick up their lots or arrange for delivery immediately after the sale. **PAYMENT IS DUE AT THIS TIME.** MAIL BIDDERS known to us may have their lots forwarded for payment within three days. Others will receive an invoice immediately after the sale and must make remittance before lots are sent. Overdue accounts will be billed a 3% service charge per month. Lots not picked up and paid for after 30 days may at our discretion, be re-offered in the next available auction. Ownership shall not pass to the buyer until full payment has been received.
4. Shipping and handling are charged to the account of the buyer. Shipments to Canada will be sent by Expedited parcel, to USA by Tracked Packet-USA or Xpresspost USA, all other destinations up to 500g will be sent by registered mail, larger parcels by Xpresspost International, Tracked packet International where available, or by Priority Worldwide, or comparable secured methods.
5. In our opinion, all lots are as described. If a prospective purchaser wishes to obtain another expert opinion - acceptable to us - on a lot (not including mixed lots or collections containing undescribed stamps), he must request an extension in writing **before** the auction (on the bid sheet is acceptable). Lots sold under this condition shall be held open for up to 120 days, after which the lot will not be returnable for any reason. **Items that already have certificates are sold on the basis of those certificates (unless otherwise stated in the description). Buyers wanting to place a lot on extension for a different certificate must discuss that with us BEFORE the auction to obtain approval to bid on that basis.** Expenses for certificates shall be borne by the purchaser. If a negative opinion is received within the 120 days, the purchase price will be refunded in full, and the expertising fee (to a maximum of \$50 Canadian) will be paid by us. All lots sent on extension must be paid for under our normal terms. The inability of an expert committee to render an opinion on a lot is insufficient grounds for its return.
6. Claims for errors in description, including condition, must be made within 7 days after receipt, but no later than 45 days after the auction. Stamps returned must be in the state received and must be sent by registered mail or bonded courier. Lots back stamped, marked or encapsulated by experts or expert committees are not returnable. It is the purchaser's responsibility not to let this happen. Stamps described as having defects are not returnable on account of their condition. No lots may be returned by bidders who have had an opportunity to examine, or an agent, view them on their behalf before the sale, nor any stamps which have been photographed for perforations, centering, margins or cancellations. All stamps photographed in colour are reproduced with extreme care as to accuracy of colour and shade, however stamps photographed in colour may not be returned because of shade differences between the lot and photograph.
7. All lots are sold in **CANADIAN FUNDS.** Lots picked up in Ontario will be charged H.S.T., lots delivered in Canada will be charged the appropriate G.S.T. or H.S.T. For the convenience of our American clients, U.S. funds will be accepted at a rate of exchange to be determined by the auctioneer and announced at the opening of the sale. If you wish to pay in U.S. funds, please pay the amount stated on your invoice.
8. **QUALITY RATINGS.** Superb, extremely fine, very fine, fine to very fine, fine, very good, and good. The word ALMOST preceding the quality rating - as for example in "almost very fine" - means that the quality is better than fine but not quite very fine.
9. **CATALOGUE NUMBERS AND VALUES** used are from the most currently available edition of Scott's standard postage stamp catalogue, and are quoted in US dollars. For B.N.A. material, numbers and values are from the current edition of the Unitrade Canada Specialized Catalogue and are in Canadian dollars, with appropriate premiums. When we catalogue a collection we omit all obviously faulty, damaged, faked or forged stamps; our count of the stamps and catalogue value will be a conservative calculation. Owners sometimes catalogue every stamp or portion thereof, regardless of quality. We accept no responsibility for these valuations. Errors may occur nevertheless and (in spite of all our careful work) all collections are sold "as is".
10. **AGENTS BIDDING ON BEHALF OF OTHERS** If you have complicated bids to be executed or wish an outside opinion as to the value and condition of a lot we shall be pleased to furnish a list of agents. If you instruct your agent to bid on the basis of our descriptions, we presume that he has inspected the lot and agrees with our description in executing your bid. **Agents must register their bidders and obtain approval before our sales start.**
11. This sale is conducted by and for the account of R. Maresch & Son Auctions Limited.
12. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE TERMS OF SALE.
